

EVERYTHING FITS

We at FHB attach particular importance to the fact that our work and guild clothing also fits right. Since it has to prove itself every day in daily work.

That is why we produce our trousers in up to 40 different sizes as standard articles.

This lets everyone find the right trousers. And we also mean our guild trousers for women in 12 sizes and for children in 6 sizes.

Our work and guild jackets are produced from sizes XS to 3XL - and some even up to size 5XL.

We are glad to do something special. In our German manufacturing facility, we produce things just the way you want them.

SIZE TABLES
